

APHASIOLOGY

CONTENTS OF VOLUME 13

NUMBER 1 JANUARY 1999

SPECIAL ISSUE: D. F. Benson's Contributions to the Study of Aphasia

Guest Editors: A. Ardila and J. L. Cummings

Preface

A. Ardila and J. L. Cummings 1

Papers

D. Frank Benson, M.D.: biography and overview of contributions
J. L. Cummings 3

D. Frank Benson, M.D.: contributions to clinical aphasiology
M. P. Alexander 13

Frank Benson's teachings on acquired disorders of written language (with
addenda)
A. R. Lecours 21

D. Frank Benson's quest for a better view: the neuro-imaging of neurobehaviour
M. S. Mega 41

Anatomy of the insula—functional and clinical correlates
F. G. Flynn, D. F. Benson and A. Ardila 55

The role of insula in language: an unsettled question
A. Ardila 79

Announcement 89

NUMBER 2 FEBRUARY 1999

Review

Attention and aphasia: theory, research and clinical implications
L. L. Murray 91

Paper

Comparison of impairment and disability measures for assessing severity of, and
improvement in, aphasia
K. B. Ross and R. T. Wertz 113

Clinical Forum

Learning in aphasia therapy: It's not so much what you do, but how you do it!
A. Ferguson 125

What's in a name? Not much if it's not well defined
M. Boyle 132

Can learning theory teach us about aphasia therapy?
J. K. Gordon 134

Learning theory is not enough <i>D. Howard</i>	140
Merging the models: what, why, how, and when in aphasia therapy <i>C. W. Linebaugh</i>	143
Reply: Maybe it's not how, but why? A response to Boyle, Gordon, Howard and Linebaugh <i>A. Ferguson</i>	147
Case Study Stress shift in aphasia: a multiple case study <i>B. Grela and J. Gandour</i>	151
Announcement	167

NUMBER 3 MARCH 1999

Review

Category-specific recognition impairments: a review of important case studies and influential theories <i>E. M. E. Forde and G. W. Humphreys</i>	169
---	-----

Papers

An analysis of trouble and repair in the natural conversations of people with dementia of the Alzheimer's type <i>C. M. Watson, H. J. Chenery and M. S. Carter</i>	195
Aphasic patients and their families: wishes and limits <i>N. Žemva</i>	219

Case Study

Phonological/semantic errors in two Spanish-speaking patients with anomic aphasia <i>P. Martín, J. M. Serrano and J. Iglesias</i>	225
--	-----

Announcements	237
----------------------	-----

NUMBERS 4-5 APRIL-MAY 1999

SPECIAL ISSUE: Conversation Analysis

Guest Editors: Anne Hesketh and Karen Sage

Overview

<i>E. Hesketh and K. Sage</i>	239
-------------------------------	-----

Transcript Notation

<i>Structures of Social Action: Studies in Conversation Analysis</i> <i>Edited by J. M. Atkinson and J. Heritage</i>	243
---	-----

Introduction

<i>R. Wilkinson</i>	251
---------------------	-----

Papers

Exploring conversation analysis as an assessment tool for aphasia: the issue of reliability <i>L. Perkins, J. Crisp and D. Walshaw</i>	259
The use of conversation analysis to guide individualized advice to carers and evaluate change in aphasia: a case study <i>S. Booth and L. Perkins</i>	283

Repair sequences in aphasic talk: a comparison of aphasic-speech and language therapist and aphasic-spouse conversations <i>J. Lindsay and R. Wilkinson</i>	305
Sequentiality as a problem and resource for intersubjectivity in aphasic conversation: analysis and implications for therapy <i>R. Wilkinson</i>	327
A closer look at the 'hint and guess' sequences in aphasic conversation <i>M. Laakso and A. Klippi</i>	345
Agrammatism, adaptation theory, conversation analysis: on the role of so-called telegraphic style in talk-in-interaction <i>C. Heeschen and E. A. Schegloff</i>	365
Profiling conversation in Parkinson's disease with cognitive impairment <i>A. Whitworth, R. Lesser and I. McKeith</i>	407
Language mixing in bilingual speakers with Alzheimer's dementia: a conversation analysis approach <i>D. Friedland and N. Miller</i>	427

NUMBER 6 JUNE 1999

Review

Single-subject clinical-outcome research: designs, data, effect sizes, and analyses <i>R. R. Robey, M. C. Schultz, A. B. Crawford and C. A. Sinner</i>	445
---	-----

Paper

Production of discourse in high-functioning individuals with aphasia—with reference to performance on the Japanese CADL <i>R. Honda, M. Mitachi and T. S. Watamori</i>	475
---	-----

Case Study

Mirror reading, writing and backward speech in a woman with a head injury: a case of conversion disorder <i>R. Jokel and D. Conn</i>	495
---	-----

Announcement

511

NUMBER 7 JULY 1999

Papers

Compensation for jaw fixation by aphasic patients under conditions of increased articulatory demands: a follow-up study <i>S. R. Baum</i>	513
Narrative discourse following severe traumatic brain injury: a longitudinal follow-up <i>P. C. Snow, J. M. Douglas and J. L. Ponsford</i>	529
Syntactic comprehension in Broca's aphasic Spanish-speakers: null effects of word order <i>F. Ostrosky-Solis, J. Marcos-Ortega, A. Ardila, M. Rosselli and S. Palacios</i>	553
PATSy: a multimedia distributed web-base resource for aphasiologists in research and education <i>C. Lum, R. Cox, J. Kilgour, J. Morris and R. Tobin</i>	573

NUMBER 8 AUGUST 1999

Reviews

- The neural bases of prosody: Insights from lesion studies and neuroimaging
S. R. Baum and M. D. Pell 581
- Semantic dementia: implications for the neural basis of language and meaning
P. Garrard and J. R. Hodges 609

Case Study

- Selective preservation of geographical and numerical information in a patient with severe anomia
G. Ramsberger, A. Miyake, L. Menn, K. Reilly and C. M. Filley 625

NUMBERS 9-11 SEPTEMBER-NOVEMBER 1999

28th Clinical Aphasiology Conference

Editor: Kevin Kearns

Preface

- K. P. Kearns* 647

Papers

- Qualitative research methods in aphasia: a welcome addition
K. P. Kearns 649
- Qualitative methods in aphasia research: basic issues
J. S. Damico, N. Simmons-Mackie, M. Oelschlaeger, R. Elman and E. Armstrong 651
- Qualitative methods in aphasia research: conversation analysis
J. S. Damico, M. Oelschlaeger and N. Simmons-Mackie 667
- Qualitative methods in aphasia research: ethnography
N. Simmons-Mackie and J. S. Damico 681
- A commentary on qualitative research in aphasia
J. G. Lyon 689
- Recovery of written language production in children with traumatic brain injury: outcomes at one year
K. M. Yorkston, K. M. Jaffe, S. Liao and N. L. Polissar 691
- Sustained attention in children and adolescents with traumatic brain injury
D. A. Robin, J. E. Max, J. A. G. Stierwalt, L. C. Guenzler and S. D. Lindgren 701
- The macrostructure of the interview: Are traumatic brain injury interactions structured differently to control interactions?
L. Togher and L. Hand 709
- Suppression and inference revision in right brain-damaged and non-brain-damaged adults
C. A. Tompkins, M. T. Lehman and A. Baumgaertner 725
- Cases of aphasia or neglect due to Creutzfeldt-Jakob Disease
A. E. Hillis and O. Selnes 743
- Wernicke's aphasia after putaminal hemorrhage: Unusual clinical and SPECT findings
S. L. Schneider, E. F. M. Wijedicks, J. R. Duffy and T. J. O'Brien 755
- Treating acquired writing impairment: strengthening graphemic representations
P. M. Beeson 767

Clinical significance of change in language performance: social validation of writing response improvement in aphasia <i>L. L. Lapointe, R. C. Katz and C. L. Braden</i>	787
Planning speech one syllable at a time: the reduced buffer capacity hypothesis in apraxia of speech <i>M. A. Rogers and H. L. Storkel</i>	793
Communication strategies used by 'good' versus 'poor' speaking partners of individuals with aphasia <i>N. Simmons-Mackie and A. Kagan</i>	807
Sound production treatment for apraxia of speech: overgeneralization and maintenance effects <i>J. L. Wambaugh, A. L. Martinez, M. R. McNeil and M. A. Rogers</i>	821
Perceptions of three groups of interlocutors of the effects of aphasia on communication: an exploratory study <i>D. Boucharde-Lamothe, S. Bourassa, B. Laflamme, L. Garcia, G. Gailey and K. Stiell</i>	839
Peers' perceptions of storytelling by an adult with aphasia <i>J. Lasker and D. R. Beukelman</i>	857
Parameters of semantic and phonologic activation in speakers with aphasia with and without apraxia of speech <i>M. A. Rogers, J. Jones Redmond and N. B. Alarcon</i>	871
Announcement	887

NUMBER 12 DECEMBER 1999

Clinical Forum

Informal carers of aphasic stroke patients: stresses and interventions <i>P. Servaes, B. Draper, P. Conroy and G. Bowring</i>	889
Aphasic stroke support—a route forward? <i>R. Cant</i>	900
Evaluating stresses and interventions for informal carers of aphasic adults: taking a broader perspective. A commentary on Servaes, Draper, Conroy, and Bowring (1999) <i>C. A. Tompkins, K. A. Spencer and R. Schulz</i>	902
Carers and aphasia <i>M. Oddy</i>	907
Family support systems: their role in aphasia <i>A. Wells</i>	911
Who cares for carers? <i>T. Pring</i>	914
Caring for carers of aphasic stroke patients—Is this really state of the art? <i>M. Herrmann and C. W. Wallesch</i>	918
Research considerations guiding interventions for families affected by aphasia <i>G. Le Dorze, C. Croteau, C. Brassard and B. Michallet</i>	922
Informal carers of aphasic stroke patients. A brief response <i>P. Servaes, B. Draper, P. Conroy and G. Bowring</i>	927
Announcements	931
Author Index	933
